

23G EXPANDED LEARNING TIME RESULTS

SUMMER 2024

ACROSS THE LINE SUMMER SCHOOL PROGRAM

GOALS

Assist students in staying on-track for graduation by finishing grade level requirements they were within one grade-mark of finishing (eg. from a 2.0 to a 3.0).

METHODS

Deliver students an extended school year through summer programming, where students received one-on-one support to finish classes through completion of missing assignments, assignment revision, and alternative assessments where appropriate

STATS AND RESULTS

95

enrolled students

135

classes passed

47

participants

2.3 → 3.1

qualifying class GPA increase

81% → 95%

percentage of 9th graders on track for graduation after summer school

TOP 5 CLASSES FINISHED

#1	ENGLISH 9	11 STUDENTS
#2	ALGEBRA 1	8 STUDENTS
#3	GEOMETRY	7 STUDENTS
#4	BIOLOGY	6 STUDENTS
#5	ENGLISH 10	5 STUDENTS

1. Difference Maker

Our Dean of Students staffed the office and front desk, which was a new addition. Having the person in this role calling families of eligible participants led to 20% of participants coming after not attending the first day of the session

2. Improvement Suggestion

The current program focuses on students close to finishing courses, but could be enhanced by offering opportunities to extend learning with summer-specific learning
